- LCSWA = Licensed Clinical Social Worker Associate

Graduate-Level Clinicians per 10,000 Population by County, North Carolina, 2024

Source: NCPB, NCMFTLB, NCBLCMHC, NCSWCLB, & NC Pastoral Counseling Board Licensure Data.

Metro and Nonmetro County Rate per 10k by Licensure Type, 2024

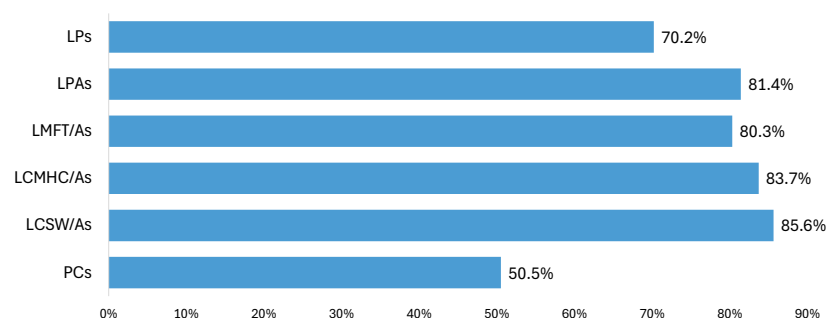

Coverage by County

Graduate-level clinicians were in every North Carolina county in 2024. The number of counties with no coverage within each individual occupational group were:

- LPs: 29
- LPAs: 31
- LMFT/As: 23
- LCMHC/As: 2
- LCSW/As: 2

Percent Female by Licensure Type, 2024

Source: NPPEs & NCPB Licensure data.

KEY TAKEAWAYS

- **Social workers and mental health counselors were the largest occupational groups**, combined making up 85.2% of the entire graduate-level clinician workforce.
- **Metro counties had nearly double the rate of graduate-level clinicians vs nonmetro counties: 30.9 vs 16.4 per 10k.**
- Every graduate-level occupational group had metro rates per 10k higher than the state average and nonmetro rates per 10k lower than the state average.
